Very helpful tips

FOR OUR "REGULARS"

Recurring giving helps our church the most, especially through this pandemic crisis. **Weekly** is best.

Of all payment forms, your **bank account** has **far less transaction costs**. The savings really adds up over a year!

Putting in your **envelope number** is very helpful to our staff and volunteers.

For now, all donations go into the **general "tithing" fund**. We'll get fancy later.

Please be patient as we work through the pandemic crisis. We may find better ways and need to change this process. We're all working hard to help Christ Church weather the financial storm.
